INTRODUCTION

From the Heart of Iran, To the World
At Persian Green Food, we supply premium Iranian dried fruits and nuts to customers worldwide through trusted producers and modern processing facilities. Our commitment to hygienic processing, strict quality control, and careful product selection ensures that every order meets our customers' quality standards, including pesticide residue requirements whenever requested. Products are prepared according to each customer's specifications, including grade, size, packaging, and destination market requirements.

Our goal is simple: to deliver safe, high-quality products with reliable service, consistent quality, and a sourcing experience our customers can trust.
Quality You Can Trust. Partnerships That Last.

With a strong focus on quality, consistency, and customer satisfaction, Persian Green Food is proud to deliver the authentic taste of Iran to markets around the world.

PERSIAN GREEN FOOD

Akbari Pistachio

Distinguished by its elongated kernel, natural open shell, and premium appearance, Akbari is widely preferred for high-end export markets.

Ahmad Aghaei Pistachio

Recognized for its bright shell, elongated shape, and consistent quality, Ahmad Aghaei offers an excellent balance of appearance and flavor.

Fandoghi Pistachio

Featuring a round kernel, high yield, and uniform sizing, Fandoghi is ideal for bulk supply and industrial applications.

Kaleh Ghouchi Pistachio

Characterized by its large kernel, wide shell opening, and rich flavor, Kaleh Ghouchi is highly valued in premium retail markets.
